

Dear Hiring Manager ,

I am Pranav Teja, currently enrolled in B.E/ B.tech (Information Technology) (4th year)at SRKR Engineering College ,India and looking for Summer 2023 internship opportunities.

My background in engineering at SRKR Engineering College provided me with rigorous training in software development principles, data structures, and system design to provide end-to-end solutions. Through my projects and work experience, I have acquired extensive knowledge in programming and web and app development, and I am proficient in React js, PHP, JavaScript, Python, Java, Node js, and C programming languages.

I have also been recognized for my innovative solutions and leadership skills. As the team leader for the Smart India Hackathon 2022, we provided a solution for the government of Maharashtra, earning us INR 1 lakh from the Government of India. Similarly, at Techeden2.0 Hackathon, we designed a system that enables healthcare providers to securely and easily access and share sensitive patient data, earning us the top prize.

Additionally, as a Developer at University of Hyderabad, I worked on the Cholar , a desktop application for the characterization of human long non-coding RNAs, which was developed using Electron js, Java, and Shell Script. As a Project Intern at MCR Solutions, I worked on an ecommerce-based application on the Ionic framework.

I am eager to bring my skills and experience to your team and contribute to your organization's success. Thank you for your time and consideration. I look forward to the opportunity to further discuss how I can be a valuable member of your team.

Sincerely,  
Pranav Teja Pathi
